

I do not want LPFM to expand over my current FM station. I listen to KLOVE and I know of many others who listen as well. We do not want to lose this powerful Christian tool in gaining others for Christ. This station promotes love, peace and other Christian principles. We need to keep stations like this on the air so our children have good music to listen to. So many other stations play 'garbage' and satanic music. Please ensure that stations like KLOVE remain in the air. Thank you.
